PLAYGOLF CALGARY

Welcome to Play Golf Calgary

Play Golf Calgary is a reputable and stable company that is operated by an ownership group with a long-term vision for all of our golfing properties

We have been active in the Calgary and area golf community for over 23 years through our ownership and operation of both HeatherGlen Golf Course and The Links of GlenEagles in Cochrane. We continue to strategically enhance our operations, as evidenced by the purchase of Blue Devil Golf Club and the newly opened Serenity Golf Course. With Serenity's first 18 holes, Dancing Bull (now open) and Serenity's second 18, Sun Catcher (opening soon), it is our goal to continually be providing Calgarians with outstanding golf opportunities well into the future.

Our experienced managerial group, which now oversees the operations at **GlenEagles, Blue Devil, HeatherGlen, & Serenity Golf Courses**, is pleased to offer our new and loyal customers the opportunity to enjoy the benefits of a corporate membership at our four great facilities. We bring a combination of professionalism and enthusiasm to this new and exciting package and our management staff is always there to ensure we offer the best golf experience in the Calgary area.
